

Assessment & Planning

The staff at Infotech Solutions will provide a road map for your company's technology investments. We consider not only performance but how the technology we recommend affects your productivity and, ultimately, your bottom line.

Assessment & Planning:

- ▶ **Initial Fact Finding Meeting**
 - › Discuss the technology issues/challenges
 - › Future technology plans
- ▶ **On-site Evaluation of existing technology**
- ▶ **Documentation of Evaluation & Recommendations**
- ▶ **Follow-up meeting to discuss vulnerabilities, priorities, & timelines**

FREE NETWORK SECURITY HEALTH CHECK
